

MINUTES OF THE BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES, STATE OF CALIFORNIA

Violet Varona-Lukens, Executive Officer  
Clerk of the Board of Supervisors  
383 Kenneth Hahn Hall of Administration  
Los Angeles, California 90012

At its meeting held April 19, 2005, the Board took the following action:

4

Supervisor Antonovich made the following statement:

“The Mosquito and Vector Control Association of California has designated the week of April 25 through May 1, 2005, as ‘West Nile Virus and Mosquito and Vector Control Awareness Week’ in the State of California.

“The Antelope Valley Mosquito and Vector Control District (District) was established in 1958, by the Los Angeles County Board of Supervisors as a Public Health Agency. The District’s mission is ‘to protect the public health of the citizens, improve enjoyment of outdoor recreation, and enhance economic development.’

“The District’s main goal is to reduce the number of mosquitoes within the boundaries of the District and to monitor outbreaks of the mosquito borne diseases, e.g., West Nile virus. The District accomplishes this by monitoring and treating known mosquito breeding sources and implementing Integrated Pest Management (IPM) measures and community information and education programs.”

Therefore, on motion of Supervisor Antonovich, seconded by Supervisor Knabe, unanimously carried (Supervisor Molina being absent), the Board proclaimed April 25 through May 1, 2005 as "West Nile Virus and Mosquito and Vector Control Awareness Week" throughout Los Angeles County.
